

# ALTERNATIVE FUEL VEHICLE REGISTRATION FEE

## EFFECTIVE OCTOBER 1, 2025

The new alternative fuel vehicle (AFV) registration fee will be assessed in accordance with [21 Del. C. §2151A](#) to ensure that all drivers contribute to the cost of road maintenance and improvements, regardless of fuel type.

### Vehicles subjected to the additional fee:

- Electric motor
- Plug-in
- Non-plug-in electric motor (hybrids)
- Other fuel types (hydrogen, natural gas, propane, etc.)

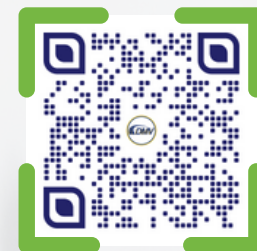

The AFV registration fee is **in addition** to the standard annual vehicle registration fees.

Fees can be paid at time of registration renewal for one year or up to the max allotted time at any DMV location or online through myDMV.
